## California Water Quality Monitoring Council

---

Modeling community (and people who work regularly with modelers):

Reclamation is hiring for a GS-13 Lead Water Resources Modeler in Sacramento (links below). This is a very critical position within Reclamation to help lead major complex projects within the Mid-Pacific region (including the Central Valley Project, Klamath Project and Newlands Project) and train junior staff on CalSim and other models. Please help us spread the word far and wide so we can get the best possible applicant pool. Thank you!

Current Fed employees and other eligible groups: <https://www.usajobs.gov/GetJob/ViewDetails/506611700>

General Public: <https://www.usajobs.gov/GetJob/ViewDetails/506614500>
